Mayor Suzanne Walters  
9508 Second Avenue  
Stone Harbor, NJ 8247

Dear Mayor Walters,

On behalf of Clean Ocean Action (COA) we wanted to thank you for your support and participation in last year's Beach Sweeps. It is the partnership with Stone Harbor that is essential to the event's success. Clean beaches are not only good for people, wildlife, and tourism; they cultivate a strong sense of Jersey Pride in our shore. They also lead to thousands of volunteers flocking to the coast twice a year to give back to the ocean. This letter invites you to **join us for Beach Sweeps 2014**, as COA celebrates its 30<sup>th</sup> year of ocean advocacy.

Beach Sweep volunteers also collect data about the debris on the beach. The numbers generated by our citizen scientists are compiled within our Beach Sweep Report. The data collected turns a one-day event into a legacy of information to combat litter and other sources of pollution by identifying and monitoring trends. The information helps find solutions to keep beaches clean and healthy for citizens and marine life. The data has been used to help create federal, state, and local programs and laws to reduce litter in the environment. The 2013 Annual Beach Sweeps Report will be available in March.

In anticipation of the 29<sup>th</sup> annual Beach Sweeps on **April 26, 2014** and **October 25, 2014** from 9AM to 12:30PM, COA looks forward to Stone Harbor's participation. Your town's participation is an integral component for the success of this program. Please contact Catie Tobin by mail, fax, email, or phone to confirm your participation.

*Put on next agenda for approval*

The success of the Beach Sweeps program illustrates the public's support for a clean ocean as well as the power of citizen action. The ultimate goal of the program is to naturally clean beaches until we reach a point where these types of clean-up events are no longer needed. If you have any questions, please call Catie at (732) 872-0111 or email at [education@cleanoceanaction.org](mailto:education@cleanoceanaction.org).

Ever onward for the ocean,
