FEMA has decided the best course of action, to prevent confusion on the part of our stakeholders, is to rescind the Guidelines. This

document will no longer be offered and will not be updated in the future. Lenders should consult their respective regulatory agency for information regarding compliance with the mandatory purchase requirements.

9.11 Borough of Stone Harbor

This section presents the jurisdictional annex for the Borough of Stone Harbor.

9.11.1 Hazard Mitigation Plan Point of Contact

The following individuals have been identified as the hazard mitigation plan’s primary and alternate points of contact.

Primary Point of Contact	Alternate Point of Contact
Roger Stanford, Chief Deputy - OEM 9508 Second Avenue, Stone Harbor, NJ 08247 (609) 368-5102 x109 FireOffical@shnj.org	Jill Gougher, Borough Administrator 9508 Second Avenue, Stone Harbor, NJ 08247 (609)368-6800 gougherj@shnj.org

9.11.2 Municipal Profile

The Borough of Stone Harbor is located on the northern side of the barrier island, Seven Mile Island, in Cape May County, New Jersey. It is bounded on the north-northeast by the Township of Middle and the Borough of Avalon, on the east by the Atlantic Ocean, on the south-southwest by the Wildwoods and the west by the Township of Middle. It is part of the Ocean City Metropolitan Statistical Area.

The Borough of Stone Harbor is well known for its environmental institutes and a sanctuary, including the Stone Harbor Bird Sanctuary established in 1947, and is registered as a National Landmark by the National Park Service. The Stone Harbor Water Tower pumping station, built in 1924, is the oldest municipal building still in use in Stone Harbor. The tower, at 132 feet high, can be seen from almost anywhere on the island. It holds 500,000 gallons of water and is supplied by four individual fresh water wells 890 feet deep that tap the Kirkwood Aquifer. Stone Harbor attractions include the nearby Cape May County Park and Zoo, The Wetlands Institute, the Stone Harbor Bird Sanctuary, and the Stone Harbor Museum.

According to the U.S. Census Bureau, the borough has a total area of 2.0 square miles, with 1.4 square miles of it land and 0.6 square miles of it (28.8-percent) water. As of July 1, 2014 there were estimated to be 844 people residing in the Borough.

Growth/Development Trends

The following table summarizes recent residential/commercial development since 2010 to present and any known or anticipated major residential/commercial development and major infrastructure development that has been identified in the next five years within the municipality. Refer to the map in Section 9.11.8 of this annex, which illustrates the hazard areas along with the location of potential new development.
