

## **FLOOD WARNINGS**

The Stone Harbor Office of Emergency Management (OEM) utilizes many methods to notify resident of probable flooding conditions. All residents should check the weather forecast for impending storms. If a flood is imminent, an emergency alert system will be implemented. OEM will broadcast verbal directions over our siren system. Radio stations will be notified of emergency broadcasts. An AM radio station 1670 will provide information (tide times, bridge closings, shelter information, etc. during emergencies).

Sign up for a personal telephone message warning at the Borough of Stone Harbor website [www.shnj.org](http://www.shnj.org). Sign and mail back the emergency contact form to be notified by phone of any emergency. The system will continue to call the number provided until the message is delivered.

Please pay close attention to storm advisories and warnings on TV and radio broadcasts.

The ORDER TO EVACUATE is given only when the best efforts of local and county Emergency Coordinators have evaluated the projections of storm headings and all other storm related information.

All persons with disabilities, invalids, or persons who can not care for themselves should contact the Borough at (609)368-2111. This list is kept in confidence however it is your responsibility to update or change this information.

The local newspapers offer supplements with "What to Do" details when hurricanes threaten.
