Comments (including type of equipment and location, per C2(e), if applicable)

This is a 2 unit building, this certificate is for the WEST UNIT ONLY. The lowest equipment visible at the time of the Survey was the HVAC unit located outside the building. Although some of the property is in the AE (8) zone, the entire building is in the X zone. There are 2 vents in the west unit foundation which can not be counted as flood openings since they are not disabled in the open position.
