DIRECTIVE
WORKPLACE MASK REQUIREMENTS FOR ALL EMPLOYEES
AND VISITORS

ISSUED AUGUST 6, 2021

Please be advised that recently the State of New Jersey strongly recommended the wearing of protective masks while indoors. As a result of the level of community transmission in Cape May County per the CDC's data site, Cape May County is currently classified as a high transmission area. **Effective Monday, August 9, 2021**, all employees, regardless of vaccination status, must wear a mask while indoors at work where **at least six feet of social distancing is not possible**. This includes walking in the hallways of most buildings.

Furthermore, **all visitors, consultants, and contractors**, regardless of vaccination status, must mask up before entering any Borough building and must remain masked while conducting business within the Borough offices.

We will continue to monitor this situation. Entrance ways to each building shall post signs of the Directive.
