BOROUGH OF STONE HARBOR
COUNTY OF CAPE MAY
STATE OF NEW JERSEY

ORDINANCE NO. _____

AN ORDINANCE OF THE BOROUGH OF STONE HARBOR, COUNTY OF CAPE MAY, STATE OF NEW JERSEY
ESTABLISHING THE REGULATIONS AND PROCESS FOR OBTAINING AN OUTDOOR DINING LICENSE WITHIN
THE BOROUGH OF STONE HARBOR

BE IT ORDINANED BY THE BOROUGH COUNCIL OF THE BOROUGH OF STONE HARBOR,
COUNTY OF CAPE MAY, STATE OF NEW JERSEY, AS FOLLOWS:

Section 1a. Section 380 – 4 is amended as follows:

§ 380 - 4 Outdoor Dining Design Standards.

Outdoor dining areas shall be designed and regulated as follows:

- A. The design of outdoor table, chairs, umbrellas, and all other outdoor personal property of the dining establishment shall be aesthetically consistent with the surrounding architecture. Tables, chairs, and umbrellas shall be of sufficient weight and material so as to not be affected by wind and weather.
- B. Additional signage or advertisements will not be permitted in the outdoor dining area. Signage previously approved shall remain unaffected.
- C. No table shall be greater than thirty (30") inches by sixty (60") inches and shall seat no more than six (6) patrons at a sitting.
- D. The design and layout of the outdoor dining areas shall not cause any damage to Borough or County property, including any landscaping.
- E. The dining establishment will be responsible for maintaining the area surrounding the tables to the highest standards of cleanliness. No trash, bus trays, or other refuse will be permitted to be stored in the outdoor dining area.
- F. Dining establishments may begin seating patrons at 7:00 a.m. and continue until 10:00 p.m. All tables and chairs must be cleaned up no later than 12:00 midnight.
- G. Alcohol is permitted to be consumed at tables whether served by the establishment or brought by the patrons where alcohol has been previously approved and consistent with the restaurant's approvals. Loitering in the dining area while consuming alcohol is not permitted.
- H. Dining establishments licensed to serve alcohol by the New Jersey Division of Alcoholic Beverage Control that are seeking to provide and allow for the consumption of alcohol in the outdoor dining area must strictly comply with this chapter and all other applicable laws of the Borough and State of New Jersey.
- I. Dining establishments not licensed to serve alcohol by the New Jersey Division of Alcoholic Beverage Control, that are seeking to allow patrons to consume alcoholic beverages in the outdoor dining area must strictly comply with this chapter and all other applicable laws of the Borough and State of New Jersey. In addition, no one visibly intoxicated shall be permitted to consume alcohol.
- J. Music is permitted provided noise levels are consistent with § 374-9 F, the Borough's noise ordinance.
- K. No additional outdoor lighting is permitted, with the exception of small candles or table lights, other than previously approved signs and light fixtures.
- L. Barriers, whether permanent or temporary, are not permitted without site plan approval pursuant to § 345.

M. Food shall be purchased inside the establishment or through wait staff served at tables. Outside sales will not be permitted.

N. The layout of outdoor tables, chairs, umbrellas and all other property shall not in any way interfere with pedestrian or vehicular safety, or with necessary access by fire, police, and ambulance personnel. Any seating areas contained within 96th Street and Third Avenue must maintain a six foot (6') clear sidewalk at all times in an area where the cross slope of the sidewalk does not exceed 2% or is consistent with the pedestrian path. All other areas of the Borough adjacent to restaurants must maintain a three foot (3') clear sidewalk at all times in an area where the cross slope of the sidewalk does not exceed 2% or is consistent with the pedestrian path. Umbrellas must provide a clear seven foot (7') beneath the surrounding edge of the umbrella.

Any dining establishment providing outdoor dining area sidewalk passage of less than 5 feet in width where the sidewalk passage is 200 feet or longer shall provide passing spaces at intervals of 200 feet maximum. The minimum dimension of pedestrian passage at passing spaces shall be 5 feet wide for a distance of 5 feet.

O. The layout of the outdoor dining area, and all items therein, shall be arranged in a manner providing no less than six (6') feet within 96th Street and Third Avenue and three (3') feet in all other areas of unobstructed paved passageway for pedestrians walking through the outdoor dining area. The purpose of this section is to provide pedestrians a minimum of six (6') feet within 96th Street and Third Avenue and three (3') feet in all other areas of free passage at all times and under all conditions on paved areas. The minimum six (6') foot within 96th Street and Third Avenue and three (3') feet in all other areas of passageway shall be completely free of obstructions, including but not limited to trash and recycling receptacles, benches, trees, poles, and any other sidewalk installations.

P. The outdoor dining area shall be permitted between the curb and building adjacent to the dining establishment. In no event shall the dining area or pedestrian passageway enter or cross a Borough or County street.

Section 2. All ordinances, or parts of ordinances, inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 3. This ordinance shall take effect after final adoption and publication as required by law.

BOROUGH OF STONE HARBOR
CAPE MAY COUNTY, NEW JERSEY
ORDINANCE 1606

§ 542-25 Smart irrigation systems.

[Added 4-2-2013 by Ord. No. 1421^m]

Upon the effective date of this section, all persons installing irrigation systems, and all existing irrigation systems under and subject to the requirements of this section, shall require the installation and use of smart irrigation system technologies as hereinafter stated.

A.

During periods of rainfall, rainfall-sensing or moisture-sensing devices shall be installed and used to avoid the unnecessary operation of all irrigation systems during periods of rainfall. This section shall apply to all new construction or where an existing structure on the property is being renovated, restored or otherwise substantially altered. Substantial alteration occurs when 40% or more of the total sum of floor and roof areas of the principal structure is proposed to be structurally altered within a twelve-month period, or in the case of any structural alteration to a principal structure, when the fair market value of the structural addition equals or exceeds 40% of the value of the original structure's fair market value prior to the alteration.

B.

Rainfall-sensing or moisture-sensing devices include: soil moisture sensors that assess the available plant soil moisture in order to minimize the unnecessary use of water; and/or rain sensors placed in the irrigation system designed to restrict operation of a sprinkler controller when precipitation has reached a preset quantity.

C.

Evapotranspiration-based (ET) controllers are required on any automatic landscape irrigation system installed subsequent to April 30, 2013. In addition, said systems are required on automatic irrigation systems when any principal structure on a property in the Borough is substantially altered. Substantial alteration occurs when 40% or more of the total sum of floor and roof areas of the principal structure is proposed to be structurally altered within a twelve-month period or, in the case of any structural alteration to a principal structure, when the fair market value of the structural addition equals or exceeds 40% of the value of the original structure's fair market value prior to the alteration. "Evapotranspiration-based (ET) controller" means a controller that calculates soil moisture from known weather and related inputs. An ET-based controller:

(1)

Receives and monitors weather data or on-site environmental conditions, including, but not limited to, solar radiation, wind speed, temperature, relative humidity, rainfall and soil moisture; and

(2)

Calculates or determines the amount of moisture input to and moisture lost from the soil and plants; and

(3)

Automatically creates or adjusts the irrigation schedule to apply only the amount of water that is necessary to maintain adequate soil moisture.

D.

Applicability. This section shall apply to all registered landscapers and property owners within the jurisdiction of the Borough of Stone Harbor who install or perform work on automatic irrigation systems and to any person or entity which purchases or installs an automatic landscape irrigation system on their property. [Amended 8-17-2021 by Ord. No. 1597]

(1)

Any person who purchases or installs an automatic landscape irrigation system on their property must properly install, maintain, and operate the system in accordance with manufacturer specifications, technology that inhibits or interrupts operation of the system during periods of insufficient moisture, and otherwise comply with the provisions of this section.

(2)

A registered landscaper or property owner who installs or performs work on an automatic landscape irrigation system must test for the correct operation of each inhibiting or interrupting device or switch on the system. If such devices are not installed, or are functioning improperly, the contractor must install new devices or repair the existing ones and ensure that each is operating properly before completing other work on the system.

(3)

Regular maintenance and replacement of worn or broken moisture-sensing equipment, such as soil moisture or rain sensors, is not a violation of this section, if such repairs are made within 30 days from the time noncompliance is noted.

E.

Violations and penalties.

(1)

Failure of any person who purchases or installs an automatic landscape irrigation system on their property, or property managed by them, to properly install, maintain, and operate technology that inhibits or interrupts operation of the system during periods of insufficient moisture is guilty of a violation of this section, and shall be subject to a fine of \$50 for a first offense, \$100 for a second offense, and \$250 for a third or subsequent offense. A person in violation of this section may be cited for each day the system fails to be in compliance with this section.

[Amended 8-17-2021 by Ord. No. 1597]

(2)

Funds generated by penalties imposed under this section shall be used by the Borough for the administration and enforcement of this section, and the corresponding sections of this section, and to further water conservation activities.

[1]

Editor's Note: This ordinance also provided for the renumbering of former § 542-25 as § 542-26.

§ 542-25.1 Watering restrictions; irrigation schedules; exemptions; enforcement.

[Added 7-16-2013 by Ord. No. 1429]

A.

This section only regulates installed irrigation systems or other mechanically assisted watering, whether automated or not. Hand watering of plants, shrubbery or other vegetation is unrestricted.

Watering restrictions.

Effective January 1, 2023, the grass, trees, or landscape beds located between the curb and the sidewalk may only be watered by systems utilizing drip and/or trickle irrigation.

B.

Irrigation schedules.

The watering of lawns and/or plant beds by way of any irrigation system, including smart irrigation systems, is hereby restricted to the following mandatory schedule:

(1)

All properties on which the last digit of the house number is an odd number may irrigate on odd-numbered calendar days beginning no earlier than April 1st of each year and ending no later than November 15th of each year.

(2)

All properties on which the last digit of the house number is an even number may irrigate on even-numbered calendar days beginning no earlier than April 2nd of each year and ending no later than November 16th of each year.

(3)

All such watering may only occur after the hour of 3:00 a.m. prevailing time or before the hour of 9:00 a.m. prevailing time on each day watering is allowed. Every system utilized for irrigation shall be restricted to these times and durations.

(4)

All such watering shall be limited to once per day, no more than 30 minutes per zone within each system.

C.

Exemptions.

The following shall be exempt from the above schedule:

(1)

Flower boxes may be watered every day within the April through November irrigation schedule established in § 542-25.1B. All such watering of flower boxes is limited to a maximum of 10 minutes per zone.

(2)

Newly installed lawns and/or landscape beds may be watered as needed for the first 21 days following installation, but the increased watering schedule may occur only within the particular zone(s) in which the new lawns and/or landscape beds are planted. After 21 days, such zones shall be subject to the restrictions of § 542-25.1B thereafter.

(3)

All irrigation systems will be exempt from the odd/even day irrigation schedule established in § 542-25.1B on the following dates: May 31st, July 31st, August 31st, and October 31st

D

Enforcement and penalties.

This section may be enforced by the Utilities Collector, an employee of the Utilities Department or Public Works, Code Enforcement Officer or any officer of the Stone Harbor Police Department. The enforcement and penalty provisions of § 542-26, as well as the general penalty provisions of the Revised General Ordinances of the Borough of Stone Harbor, current edition, shall apply to this section as well, except that, on a first offense, the property owner shall be given a warning and a copy of § 542-25.1 in lieu of a complaint/summons. For a second offense (after a first offense warning hereunder), a fine of \$100 shall be imposed. For a third offense, a minimum fine of \$250 shall be imposed; for any subsequent offense, a minimum fine of \$350 to a maximum of \$1,250. [Amended 5-5-2015 by Ord. No. 1464; 4-19-2016 by Ord. No. 1476; 8-3-2021 by Ord. No. 1594; 8-17-2021 by Ord. No. 1597]

Request for Senior Trip - June 14, 2022

Good morning Ms. Stanford,

For many years now, Stone Harbor has generously welcomed my senior trip with graduating students. I am again requesting access to the beach at 95th Street. The date of this year's trip is Tuesday June 14. We would arrive at 9:00 AM as we have in the past and leave around 3:00 PM. I will likely have between 30-40 students with me. Please let me know if it will again be possible to have our trip at Stone Harbor. Each year we make sure to clean up after ourselves and this is the highlight of our senior graduation week, beside the ceremony itself. The students and staff of Jenkintown High School thank you and your staff for your support. If the request is granted, I realize we will need to follow any local ordinances concerning social distancing and mask wearing and will be sure to check-in with the lifeguard patrol upon our arrival.

Respectfully,

Tom Roller
